

Hayden Pointe

Architectural Review Committee Guidelines

As stated in your Hayden Pointe Covenants, any proposed installation, construction, or alteration of any structure within Hayden Pointe must be submitted and approved through the Hayden Pointe Architectural Review Committee.

Below is a list of examples of what is required to go through the Hayden Pointe ARC for approval:

- Exterior antenna of any kind.
- Fences
- Swimming pools and hot tubes.
- All play equipment. This includes: play sets, trampolines, etc. All play equipment must be in the rear of your lot.
- Exterior change/color of property.
- Driveway extensions
- Storage sheds and garages.

The Hayden Pointe ARC requires that all projects be completed within sixty (60) days from the construction start date, unless extended by the ARC in its sole discretion. The ARC also requires that you let Superior Management Services know when project is complete. All work is subject to inspection.

The Hayden Pointe ARC has up to thirty (30) days to review submittals. Any non-approved installation of the above mentioned are subject to fines and/or correction at the owner's expense.

Structures: *Structure shall mean and refer to any temporary or permanent improvement upon the Property, including, without limitation, any building or part thereof garage, shed, covered or uncovered patio, swimming pool, fence, curbing, paving, wall, tree, shrub, sign, paint color, shutters or any other items attached to the exterior of a structure. Also, Structure shall mean and refer to any excavation, grading, fill, ditch, diversion dam or other thing which affects the natural flow or alters the flow of any waters in any natural or artificial creek, stream, wash or drainage channel from, upon, or across any portion of the property.*

- Site plan showing the location of all proposed and existing structures, including building setbacks, open space, driveways, walkways, and parking spaces.
- A foundation plan.
- A floor plan.
- Exterior elevations of all proposed structures and alterations to existing structures.
- Specifications of materials, color scheme, lighting scheme and other details affecting the exterior appearance of all proposed structures and alterations to existing structures.
- Plans for landscaping and grading.

Reminder: *The Hayden Pointe ARC may from time to time adopt, promulgate, amend, revoke, and enforce the Guidelines. *

STORAGE SHEDS & GARAGES: Construction, installation or placement of a storage shed, garage, play house or a building separate from the main house must be submitted to the ARC for approval.

All plans must include: length, width, height, materials, colors, and location

No signs or other advertising devices are permitted to be displayed without the prior written consent of the ARC with the exception of a "For Sale" sign not to exceed 18" x 36".

SWIMMING POOLS: Swimming pools, hot tubs, and portable spas must be reviewed and approved by the ARC before installation. *Swimming pools must be enclosed by an approved fence.*

Fences: All fences on properties require written approval from the ARC prior to being installed.

Approved Fence Types:

White Vinyl Fence

Shadow Box Fence

No stockade style wood fences. All pickets shall be vertical

- All fences are required to be set in concrete.
- All fences are to be 6' along front and sides.

Exception:

- Fences with pond along the rear must be tapered down 8' from back property line alongside fence to 4' and rear fence should be 4'. Rear fence can be picket in lieu of solid and can have a maximum of a 6' single swing gate.
- Fences must have one 6' (max) single swing gate on the front of the home. Corner lots are allowed to have a 6' (max) side yard gate, but no double gates.

Location:

- Residents are required to locate ALL PROPERTY MARKERS before proceeding with installation.
- If attaching to neighbor's fence, you must have their written approval prior to submitting the ARC application.
- All fences are to be installed on the side and rear property lines.

Exception:

- Rear and side when a portion of the lot is in a wetland or fence can't reasonably be installed to the property line due to other reasons.
- Front of the fence should be set 55' from property line. This allows for uniformity in front fence profile and a consistent street scape.

Exception:

- If the fence falls on a window or other obstruction (AC unit, Etc.) Propane gas tanks are not obstruction and will need to be moved. In these applications the fence can be moved back to clear the obstruction only. Adjacent home's fence should be set in line with this exception when they install to keep a consistent street scape.
- Side yard fences on a corner lot shall not exceed the building setback line. As to not obstruct the view of the street. This is 7.5' off the property line.

Disclosure:

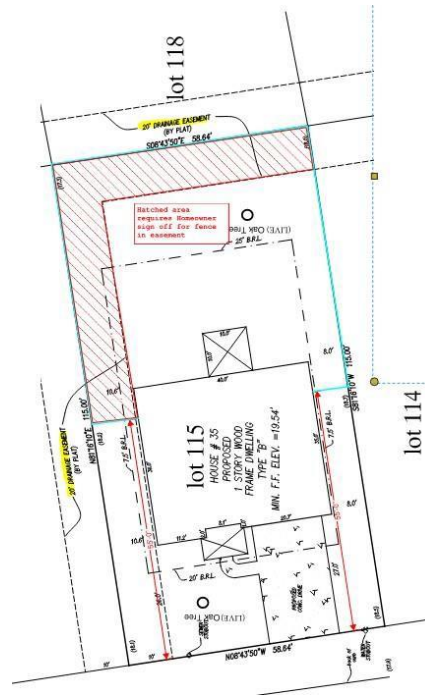

- All fences installed on an easement of any kind will bear the sole responsibility and cost of removal and reinstalling of fence should access be required. Notice shall be given at least 15 days prior to needing access for work but in an emergency no notice is required.
- Any fence placed in a utility easement will require a homeowner signoff form to accepting responsibility of removing fence at homeowner cost. If they elect to not install in the easement, they shall place fence on the rear and/or side easement lines. On the side yard easements, they are required to have fence panel facing the roadway to cover the easement area. An optional 6' (max) gate can be installed on the side or rear fence to access the easement area.
